THE CORSICA PHILOSOPHY

La Corsica is a meeting of friends from all walks of life and from all over Europe. The idea is to meet on a magical, rebellious and beautiful island to share moments of friendship and conviviality.

The campsite offers a swimming pool and various activities. You also have the beach. (Water temperature in May: 19°)

All circuits are carefully studied to offer you the best of our villages, our roads, and our landscapes. Sometimes it will be a bit physical, but what a joy to find yourself at the end

of the day, in front of a good beer, to tell the story of the goat you avoided, the pig that stole your sandwich and the fantastic postcards that hit your retina .

Corsica in Indian are two myths that meet, two stories, two legends to form a single imperishable memory!!

“La Corsica” is an opportunity to let go for a week and strengthen the bonds of friendship that unite us!

Those who have already done the "Corsica 2021 or 2022" remember the breathtaking landscapes, the atmosphere, the friendship, the sharing but also the healthy fatigue at the end of the day...
